Backup and Recovery

PC Support Solution

OEMs, PC MANUFACTURERS, RECYCLERS & RETAILERS

TAKE 5 MINUTES TO DISCOVER HOW TO:

- Reduce your support costs

- Increase customer satisfaction

Softthinks Backup and Recovery

Softthinks Backup and Recovery was developed to support OEMs, PC manufacturers and PC retailers in the optimization of after sales support with a simple and secure system recovery procedure.

The presence of Softthinks Backup and Recovery on a PC drastically decreases returns due to software and configuration issues, brings service times down to a minimum and increases customer satisfaction rates.

The implementation was studied to be simple yet very flexible, while not adding additional resource requirements and costs to the production process.

Best in Class Backup and Recovery Solution
Fully Customizable and Brandable

When PC users lose valued content due to system failure, they lose more than just data. With nowhere to turn, users contact their PC provider – who only operates support services to maintain desired levels of customer satisfaction. Support costs remain unfunded while competitors differentiate themselves by offering value added services.

Softthinks can help. We have seventeen years of success in providing the world's leading brands in the personal computing industry with solutions for Content Protection. Our comprehensive solutions can help you support your customer and decrease your costs.

Softthinks reduces computer support, manufacturing & refurbishing costs since 2000.

Softthinks' solutions are adopted by major computer OEM, Retailers and Refurbishers.

We aim at improving the life of millions of users who deserve reliable computers, protection for their personal data & business continuity, while constantly streamlining and improving computer maintenance.

Major industry leaders are already working with us: Dell, Alienware, Seneca Data and many more.
